COMPUTER SCIENCE ENGINEER BSC

2006-2009

Budapest University of
Technology and Economics

LANGUAGES

Hungarian	native
English	proficient
German	beginner

ABOUT

Android developer by heart with 10 years of experience in building, optimizing, testing, publishing and maintaining various mobile apps. I am fluent in Java but nowadays I really like to write my code in Kotlin. I like to solve problems and keep a tidy garden. I can work best in small agile teams or individually.

TECHNOLOGY STACK

Java
Kotlin ❤️
ConstraintLayout ❤️
Gradle
Git
CI/CD (with GitLab)

RESTful APIs
GraphQL
Firebase and Play Services
Swift (little rusty)
React-Native (recently)
TypeScript
